**To:** All Helix Employees  
**From:** Todd M. Hornbeck  
**Subject:** A Message from Todd M. Hornbeck

Dear Helix Team Members,

On behalf of Hornbeck Offshore, I am pleased to introduce myself and share my excitement about our future.

First and foremost, we have been highly impressed by Helix and the exceptional reputation that you have built as an industry leader and innovator. This reputation reflects the hard work and commitment that each of you have brought to Helix. Through my conversations with the Helix Board and Executive Management team, it is clear that you have a strong culture grounded in values of safety, operational excellence, innovation, teamwork and integrity – all of which are also core to Hornbeck Offshore.

In light of the merger announcement, I am eager to bring together our highly complementary organizations so that we can collectively build what I believe will be one of the world's largest high-spec offshore services company. The combined Company will offer premier capabilities across a broad range of offshore services including well intervention, decommissioning, robotics, trenching, subsea services, flotel services, and marine transportation that will be capable of servicing markets such as oil and gas, renewables, military defense, scientific research, and other complex marine applications and emerging technologies. By merging two proven industry leaders with a combined operating history of over 75 years, together we will build an even stronger company designed to innovate, execute with scale, and grow.

This scale and strength will position us, not only for operational excellence, but also for continued investment in our people and will provide opportunities for career growth and expansion. The team's expertise and track record are key drivers of the value this combination creates.

While Helix and Hornbeck Offshore will continue to operate as separate, independent companies until the transaction closes – which we expect to occur in the second half of 2026, subject to a number of approvals and customary closing conditions – leaders from both companies have already begun working together on a thoughtful and deliberate integration planning process.

This announcement represents a meaningful milestone for all of us and our future success. With that in mind, in the coming weeks, I look forward to getting to know the Helix team better.

Until then, stay safe and thank you for what you do,

Todd Hornbeck

After the registration statement has been declared effective, a definitive proxy statement will be mailed to the shareholders of Helix (the “Helix Shareholders”). Investors and security holders will be able to obtain free copies of the registration statement and the proxy statement/prospectus, as each may be amended or supplemented from time to time, and other relevant documents filed by Helix with the SEC (if and when they become available) through the website maintained by the SEC at [www.sec.gov](http://www.sec.gov).
